Audiovisual Arts

Ionian University / 2008-2013

* Studies not completed.

LANGUAGES

Greek / Native

English / Proficiency of Michigan

German / Grundstufe

Spanish / Basic knowledge

ADD'L EXPERIENCE

Animation

I have worked on 3D and stop motion animation during my studies in the Ionian University. I've also participated as a technical advisor in a doctoral thesis on stop motion animation.

Website Editor-in-Chief

I created and run between 2013-2015 the first Greek website for filmmakers, FramesPerSecond (fps.com.gr). The website featured original articles on filmmaking techniques and gear. It is now defunct due to change of interests after serving over 20,000 visitors during its two-year course.

INTERESTS

Music production

I am a self-taught musician. I play the keyboard/piano, sing and compose electronica. I have very good knowledge of DAWs (Ableton Live, Presonus Studio One, Steinberg Cubase) and audio mixing & mastering.

Photography

I enjoy photography as a hobby.

Traveling

I travel abroad as much as I can.
