A NOTE ON DIRECTING

I am actively looking for opportunities to direct commercials and music videos.

I have directed 2 short films and 4 student shorts, as well as music videos.

In 2018, I worked with the National Theater of Greece as a video designer.

ADD'L EXPERIENCE

Animation

I have worked on 3D and stop motion animation during my studies in the Ionian University. I've also participated as a technical advisor in a doctoral thesis on stop motion animation.

Assistant Directing

I have worked as an assistant director on several productions, always guaranteeing an as-smooth-as-possible pre-production and shooting process. I am highly organized and I have always put together reliable shooting schedules with the additional capability of adapting to imponderables.

INTERESTS

Music production

I am a self-taught musician. I play the keyboard/piano, sing and compose electronica. I have very good knowledge of DAWs (Ableton Live, Presonus Studio One, Avid Pro Tools) and audio mixing & mastering.

Short stories

I write short form literature and plan to publish a short story collection sometime in the next 5 years.

Traveling

I travel abroad as much as I can.
